Welcome

First and foremost, congratulations and thank you for your interest in Michael Mann Photography!

How exciting for you and your family. The task you have in front of you is no easy one. Selecting an artist to tell your story is probably one of the most important decisions you will have to make in the upcoming months and one that will be with you for the rest of your life!

My goal is to tell your story in the most compelling way possible.

I treat every event with the care and the trust that it deserves.

What could be more important than giving your family beautiful images that will provide enjoyment for years, and hopefully, generations to come?

The responsibility of documenting your day is one I take very seriously.

Enclosed you will find detailed information about my products and collections. Please let me know if you have any questions.

I look forward to working with you.

COLLECTION ADD ONS

Pre-Wedding Session 500€

An engagement session is a great idea to get some beautiful couple photos in non-wedding attire.

During this session you will get a feel for how the couple session will run on the day, the positions we use and the type of light and setting makes for the best photos.

We will usually do the engagement session the same day you have a hair and make-up trial.

Creative Wedding Couple Session 500€

This type of session is perfect for when you are wanting my creative type of couple photos in different surroundings from your wedding venue or when your timeline just doesn't allow.

Second Photographer 500€

Having two photographers allows for different angles to be captured throughout the day.

Your preparations in the morning can also happen around the same time, especially if both are happening at different locations.
